

BHEKIFA Q. MASEKO

BSc in I.T Student

PROFILE

Final-year student with a passion for frontend development, growing interest in cybersecurity. And enjoys working in C++, have a good grasp of Java basics, and always aim to write clean, efficient code. I'm comfortable leading teams, speaking in front of groups, and collaborating to get things done, looking to grow in a role where I can keep learning, build great user experiences, and contribute to secure, modern tech solutions.
